

Dear Valued Customer,

We certify that our products fully comply with requirements of European Union Regulation (EC) 2017/1000 amending Annex XVII of Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH):

1. Under the structure of the REACH regulation, Navitar Inc. is a manufacturer of “ARTICLES” to our EU customers (according to ECHA’s guidance for articles, electronic components shall be considered, as articles). Navitar Inc. does not manufacture “substances” or “preparations,” and our articles do not involve the “intentional release of substances.” Accordingly, we foresee no Registration, Pre-Registration, or Authorization Requirements for the products we supply.
2. Regarding the requirements of Article 33 of REACH: Duty to communicate information on substances in articles. We declare that none of the 233 SVHCs (the Candidate List of Substances of Very High Concern for authorization, released by ECHA 17 January 2023) are present in Navitar Inc. products or packaging in quantities totaling in a concentration equal or above 0.1% weight by weight.
3. Concerning the requirement of Article 67 of REACH: A substance on its own, in a preparation or in an article, for which Annex XVII, contains a restriction shall not be manufactured, placed on the market, or used unless it complies with the conditions of that restriction. We declare that none of the substances restricted under REACH is present in any of the products listed below.
