

Export Control Compliance

Dear Sir or Madam,

Your completion of this form is required to assure compliance with U.S. export laws and regulations for goods supplied by Navitar to your company. If the end-use and ultimate destination of the goods purchased from Navitar is outside the U.S., you are required to complete this form and return it to your Navitar sales representative before Navitar will begin working on your order for the delivery of goods.

Customer agrees and expressly certifies that he/she:

- A) Will not deliver (export or re-export), directly or indirectly through a third party, products to:
 - 1) Cuba, Iran, North Korea, Sudan, or Syria, or any other country for which the United States maintains export controls, export embargoes or other economic sanctions, except if necessary, licenses for such export or re-export have been obtained from the appropriate U.S. Government Agency (e.g. U.S. Bureau of Industry, Office of Foreign Assets Control, Department of State). This provision applies equally to Navitar products ordered for new installation and for repair or replacement purposes.
 - 2) Any prohibited individuals, entities or countries listed under the U.S. and European Union denied party lists and the United Nations Security Council Resolutions.
- B) Will not use Navitar goods for forbidden end-uses, including: the development of nuclear facilities not licensed by the U.S. Government; chemical, biological, or nuclear weapons; rocket, missile or unmanned aircraft systems for terrorist activities.
- C) Will assist Navitar in collecting the End User's contact information and application use if the information is required by the U.S. Department of Commerce due to an export investigation or possible violation.
- D) Will abide by applicable U.S. Government export license requirements.

Any material omissions, misrepresentations, or misstatements by the customer in connection with the above certifications are grounds for further action by Navitar, including but not limited to, cancellation of orders, denial of future business, and appropriate legal action. Navitar may be required by applicable laws, or requested by appropriate law enforcement authorities, to report information related to, or assist in the investigation of, possible violations of U.S. export control laws.

If there are any changes to the end-use, end-user or ultimate destination of the Navitar goods, it is the customer's responsibility to communicate this information to your Navitar sales representative.
